**Re: Amendment to Inspection Permit 2014-0087 - Granted**

Dear Rob Paterson:

Further to your request of April 23, 2018, the terms of the enclosed permit have been revised to **extend the expiry date to December 31, 2019**. Please note that as this amendment is administrative in nature, it has not been sent out for comment, but issued directly. Please keep a copy of the amended permit for your records; the original will be retained in the Archaeology Branch permit file.

The results of your inspections are to be presented in a permit report, submitted in both double-sided hard copy and PDF formats, by **December 31, 2019**. Individuals and organizations with knowledge of location, distribution and significance of archaeological resources in the study area should be contacted where appropriate, and documented in the permit report. Please ensure that site inventory forms are submitted separately, and that detailed site access information is not included in the report text. If site forms are included in the report, they will be removed by Branch staff.

Please note that Branch acceptance of permit reports only acknowledges the fulfillment of permit terms and conditions. Such acceptance does not bring with it an obligation by the Branch to accept report recommendations as they relate to impact assessments or impact management requirements.

Should you have any questions regarding this permit, please contact your Project Officer, **Gary Brewer**, who can be reached by calling **(250) 953-3307**, or emailing **Gary.Brewer@gov.bc.ca**.

Please note that the permit number listed above must be referenced in the subject line of all permit-related emails sent to the Archaeology Branch.

Sincerely,

Paula Thorogood  
Manager of Archaeological Operations

## **GENERAL TERMS AND CONDITIONS OF PERMIT**

---

1. Permits shall be valid for the term stipulated on the front of the permit unless otherwise suspended or cancelled. Extensions to the term of the permit, or other amendments, will be considered upon submission of an application to the Archaeology Branch at least 45 days prior to the expiry date of the permit.
2. The permit-holder shall provide the Archaeology Branch with one (1) bound copy and one (1) electronic copy in PDF format of a written report, in accordance with the standards required by the Minister, outlining the work carried out under the terms of the permit.
3. The title page of all reports must indicate the name(s) of the copyright owner(s) and, where agreed to, a Grant of License statement completed and signed by the copyright owner(s).
4. A person appointed by the branch may at any time inspect any aspect of a project conducted under the terms of this permit. To further their inspection, the appointee may request field data, or conduct excavations within the study area. Notwithstanding the expiration or earlier termination of the term of the permit this provision will remain and continue in full force and effect.
5. Upon completion of any inspection or investigation involving excavations, the permit-holder shall make reasonable efforts to ensure all sites are restored as nearly as possible to their former condition.
6. The permit-holder shall arrange for a secure repository to curate any materials recovered under authority of the permit.
7. Heritage objects and associated materials recovered under authority of the permit may not be sold or exchanged for financial gain. Any other transfer of heritage objects, materials and records, or changes to the conditions identified under the "Disposition of materials collected..." section of the permit, may only be carried out with prior consent of the Minister.
8. The permit-holder shall conform to all requirements that may be imposed by the institution or organization named in the "Disposition of materials collected..." section of the permit.
9. Notwithstanding expiration or earlier termination of the term of the permit, provisions with respect to the "Disposition of materials collected ..." section shall remain and continue in full force and effect.
10. The permit-holder shall utilize any site recording forms, formats or systems required by the Minister. All sites must be recorded on a BC Archaeological Site Inventory Form and submitted to the Archaeology Branch.
11. A permit issued under section 14(2) does not authorize entry onto land or into a building without the permission of the owner or occupier.
12. For heritage inspection permits, the permit-holder shall submit spatial information (as a shape file in accordance with the standards required by the Minister) of all study areas that were the subject of in-field inspections.
13. Any other conditions that may be specified in the permit.

## **OTHER CONDITIONS**

---

14. Due to the duration of the permit the proponent and their consultant(s) agree to amend the permit as necessary to comply with changes to Archaeology Branch policy to accommodate new field and lab methods and reporting standards. These changes will not apply retroactively to work already completed.
15. For assessments that are located within lands defined as Engagement Zones B, C or D in the Tsilhqot'in Framework Agreement, notification to the Tsilhqot'in and five signatory Nations (Alexis Creek Indian Band, Tl'etinqox-t'in Government Office, Stone Indian Band, Xeni Gwet'in First Nations Government and ?Esdilagh First Nations) will follow the procedures prescribed by the Archaeology Branch.
16. Per Bulletin 25, where Section 14 Heritage Inspection Permit applications do not identify all specific areas where field work will take place (e.g., "blanket permits"), the permittee is required to provide a 30 calendar day notice of intent prior to conducting field work called a "Notice of invitation to comment on proposed field assessments conducted under Heritage Inspection Permits" prior to commencing fieldwork.

Dear Rob Paterson:

**Re: *Heritage Conservation Act Permit 2014-0087***

Further to your request of September 10, 2014, the permit has been amended to include within the study area a 22 km long transmission line which parallels Highway 37 from Jade City to Good Hope Lake and a 1.94 ha diesel generating station. Please keep a copy of the permit for your records; the original will be retained in the Archaeology Branch permit file.

The results of your inspections are to be presented in the permit report due by March 31, 2016. Please ensure that site inventory forms are submitted separately and detailed site access information is not included in the report text. If site forms are included in the report, they will be removed by Branch staff.

An effort should be made to contact individuals and organizations with knowledge of archaeological resources in the study area in order to compile information concerning the location, distribution and significance of archaeological sites. These efforts are to be documented in the permit report.

Please note that Branch acceptance of permit reports only acknowledges the fulfillment of permit terms and conditions. Such acceptance does not bring with it an obligation by the Branch to accept report recommendations as they relate to impact assessments or impact management requirements.

## GENERAL TERMS AND CONDITIONS OF PERMIT

1. Permits shall be valid for the term stipulated on the front of the permit unless otherwise suspended or cancelled. Extensions to the term of the permit, or other amendments, will be considered upon submission of an application to the Archaeology Branch at least 30 days prior to the expiry date of the permit.
2. For projects other than oil and gas projects in northeastern BC, the permit-holder shall provide the Archaeology Branch with one (1) bound copy and one (1) electronic copy in PDF format of a written report, in accordance with the standards required by the Minister, outlining the work carried out under the terms of the permit. For oil and gas projects in northeastern BC, the permit-holder shall provide the Oil and Gas Commission with one (1) bound copy and one (1) electronic copy in PDF format for review and acceptance prior to the Oil and Gas Commission forwarding these documents to the Archaeology Branch.
3. The title page of all reports must indicate the name(s) of the copyright owner(s) and, where agreed to, a Grant of License statement completed and signed by the copyright owner(s).
4. A person appointed by the branch may at any time inspect any aspect of a project conducted under the terms of this permit. To further their inspection, the appointee may conduct excavations within the study area. Notwithstanding the expiration or earlier termination of the term of the permit this provision will remain and continue in full force and effect.
5. Upon completion of any inspection or investigation involving excavations, the permit-holder shall make reasonable efforts to ensure all sites are restored as nearly as possible to their former condition.
6. The permit-holder shall arrange for a secure repository to curate any materials recovered under authority of the permit.
7. Heritage objects and associated materials recovered under authority of the permit may not be sold or exchanged for financial gain. Any other transfer of heritage objects, materials and records, or changes to the conditions identified under the "Disposition of materials collected..." section of the permit, may only be carried out with prior consent of the Minister.
8. The permit-holder shall conform to all requirements that may be imposed by the institution or organization named in the "Disposition of materials collected..." section of the permit.
9. Notwithstanding expiration or earlier termination of the term of the permit, provisions with respect to the "Disposition of materials collected ..." section shall remain and continue in full force and effect.
10. The permit-holder shall utilize any site recording forms, formats or systems required by the Minister. All sites must be recorded on a BC Archaeological Site Inventory Form and submitted to the Archaeology Branch.
11. A permit issued under section 14(2) does not authorize entry onto land or into a building without the permission of the owner or occupier.
12. For heritage inspection permits, the permit-holder shall submit spatial information (as a shape file in accordance with the standards required by the Minister) of all study areas that were the subject of in-field inspections.
13. Any other conditions that may be specified in the permit.

## OTHER CONDITIONS:

14. For assessments that are located within lands defined as Engagement Zones B, C or D in the Tsilhqot'in Framework Agreement, notification to the Tsilhqot'in and five signatory Nations (Alexis Creek Indian Band, T'etinqox-t'in Government Office, Stone Indian Band, Xeni Gwet'in First Nations Government and ?Sdilagh First Nations) will follow the procedures prescribed by the Archaeology Branch.

Dear Rob Paterson:

**Application for Permit (Application file # 11200-30/14A0059): Archaeological impact assessment of BC Hydro's as yet unidentified small-scale infrastructure development activities and upgrades associated with the distribution and transmission of electrical power in Northern BC covering NTS map sheets 93F, 93G, 93H, 93I, 93K, 93N, 93O, 93P, 94A, 94B, 94C, 94F, 94G, 94H, 94I, 94J, 94K, 94L, 94M, 94N, 94O and 94P**

Further to your February 12, 2014, Application for Permit under the *Heritage Conservation Act*, I am pleased to enclose Permit 2014-0087. Please keep this copy for your records; the original will be retained in the Archaeology Branch permit file.

The results of your inspections are to be presented in the permit report (hard copy preferred to be **double-sided**; electronic copy to be as noted in Permit Condition #2) due by March 31, 2016. Please ensure that site inventory forms are submitted separately and detailed site access information is not included in the report text. If site forms are included in the report, they will be removed by Branch staff.

An effort should be made to contact individuals and organizations with knowledge of archaeological resources in the study area in order to compile information concerning the location, distribution and significance of archaeological sites. These efforts are to be documented in the permit report.

Please note that Branch acceptance of permit reports only acknowledges the fulfillment of permit terms and conditions. Such acceptance does not bring with it an obligation by the Branch to accept report recommendations as they relate to impact assessments or impact management requirements.

Please contact Paula Thorogood, Archaeologist, telephone (250) 953-3300, to answer any questions you may have with respect to this permit.

Sincerely,

Doug Glaum  
Manager
