

What we're doing to prevent the spread of COVID-19 at Site C

	Follow all government guidance		Contractors lengthened work shift rotations		Disinfecting surfaces every 2 hours
	Mandatory pre-screen questionnaire before boarding flights and accessing site		Practice physical distancing, barriers or PPE		Fully-equipped medical clinic
	Mandatory temperature check before entering site		Lodge common areas closed		Separate self-isolation wing
	Capacity on airport shuttle and crew buses decreased		Reduced the number of tables in the dining hall		Suspended shuttle between Fort St. John and camp
	Reduction in camp occupancy		One chair per table in dining room
