Custom Venting Forecast

Company: **Plan B Tech**
Burn Registration Number(s): on file

Issued: October 29, 2020

FOR BURNING ON: October 30, 2020

Synopsis:

Friday: A low pressure system will track across the southern Peace Region on Friday resulting in stronger northwesterly winds and a deeper mixing layer. Venting will be good in the afternoon.
Saturday: A ridge of high pressure will build over the southern half of the province ushering a more stable air mass. Strong winds will blow from the southwest supporting good venting.
Sunday: Little change to strong winds. Good venting.

Comments:
