

Custom Venting Forecast

Company: **Frost Group**
 Burn Reg. Number(s): On file
 Issued: Sunday, November 28, 2021
 FOR BURNING ON: Monday, November 29, 2021

Synopsis:

Monday: Another ridge of high pressure builds in at the surface, bringing more stable conditions. With lighter winds, venting falls to fair.

Tuesday: A system moves through later in the day, bringing better instability. With moderate winds, venting expected to be good.

Wednesday: The system departs early in the day, maintaining some instability. With moderate winds remaining, venting expected to be fair.

Comments: Test burns suggested for any activity as conditions are marginal at times, and instability will be occurring later in the day for Tuesday, and earlier for Wednesday.
