

## Ministry of Forests, Lands and Natural Resource Operations

### Custom Venting Forecast

Company: **Plan B Tech (Duz Cho) CC to PRI**

Burn Registration Number(s): on file

Issued: December 18, 2020

FOR BURNING ON: December 19, 2020

#### Synopsis:

**Saturday:** A trough of low pressure approaches the Peace region on Saturday generating moderate southwesterly winds and some instability. Venting is expected to improve to good.

**Sunday:** Strong southwesterly winds combined with some instability will produce good venting on Sunday.

**Monday:** Winds die down on Monday and the atmosphere stabilizes resulting in poor venting.

#### Comments:
