Dear Karen von Muehldorfer:

Under Section 52(1) of the *Forest Act* of British Columbia I am authorizing BC Hydro and Power Authority to harvest Crown timber and use and occupy the land required for an area adjacent to Occupant Licence to Cut L50577 known as the West Pine Quarry.

The purpose of this authorization is to allow the harvesting of approximately 891m³ of Crown Timber on 5.4 hectares between an existing MOTI quarry site and the proposed BC Hydro West Pine Quarry site.

Please note that the following conditions apply to this authorization:

- The licensee is required to the extent practicable, limit their harvesting of timber to the amount only required to safely conduct operations.
- Timber harvested under this Section 52 authorization is to be marked to adjacent Occupant Licence to Cut L50577, along with waste assessment.
- Abate the fire hazard pursuant to the Wildfire Act.
- The licensee will adhere to the Occupant License to Cut #12 Management Plan
- The authorization afforded by this Section 52 authorization ends when OLTC L50577 expires, estimated to be December 2021.

- Maintenance of Environmental Assessment Certificate #E14-02 must be in good standing.
