WORK(S): **Fish Habitat Compensation Structure**

SITE LOCATION: **Located in Peace River, approximately at 55° 59' 46.86" N, 121° 58' 26.4" W, located on unsurveyed foreshore or land covered by water being part of the bed of portions of the Peace River including South of the Peace River and North of Highway 29 between District Lot 279, Peace River District, except Plan H873 and that part of unsurveyed crown land within the Peace River District being the bed of the Peace River, in Hudson's Hope (North Eastern::North Eastern), in the Province of British Columbia.**

As per the application to the Minister of Transport, submitted pursuant to the *Canadian Navigable Waters Act*, for an approval of the work per the attached five (5) plans, the Minister hereby approves the work pursuant to subsection 7(6) for the construction of the above-mentioned work, in accordance with the following terms and conditions:

1. The works are to be constructed or installed in accordance with the reviewed plans.
2. Construction equipment used in conjunction with this project shall be stored in such a manner that it does not obstruct charted Aids to Navigation and does not obstruct navigation.
3. In the event that the construction or the operation of the above works is terminated, it will be the proponent's responsibility to remove the works and associated equipment in its entirety. The banks and bed of the waterway disturbed by the works are to be contoured to match the local conditions.
4. Any construction equipment or machinery left in the waterway or overhanging the waterway at the high-water mark shall be marked a yellow flashing light visible to upstream and downstream traffic.
5. The owner shall conduct an Airborne LIDAR survey of the reservoir area post construction and clearing, but prior to the filling of the reservoir. This survey shall be the basis for mapping of the reservoir for boating.
