

## Site C Employment by Month: July 2017

The table below shows the latest Site C employment numbers.<sup>1</sup> As with any construction project, the number of workers — and the proportion from any particular location — will vary month-to-month and also reflects the seasonal nature of construction work.

### July 2017 Highlights

- The latest employment statistics show that there were 2,549 total workers on the Site C project in July 2017.
- Of the total workers, 2,059 were from British Columbia, or 81%.
- There were 703 workers on site from the Peace River Regional District — that's 33% of the Construction and Non-Construction contractor's workforce.

Site C Employment Statistics – July 2017				
	# of Total Workers	# of B.C. Primary Residents	% of B.C. Workers	# (and %) of Peace River Regional District Primary Residents
<b>Construction and Non-Construction Contractors<sup>2</sup></b> <i>Excludes work performed outside of B.C. (e.g., manufacturing)</i>	2,145	1,678	78%	703 (33%)
<b>Engineers and Project Team<sup>3</sup></b>	404	381	94%	---
<b>Total Workforce</b>	2,549	2,059	81%	---

*Employment numbers provided by Site C contractors and consultants are subject to revision. Data not received by project deadline may not be included in the above numbers.*

BC Hydro has contracted companies for major contracts, such as main civil works, who have substantial global expertise. During the month of July 2017, there were nine workers in a specialized position working for Site C Construction and Non-Construction Contractors, which were subject to the Labour Market Impact Assessment process under the federal Temporary Foreign Worker Program. Additionally, there were 38 management and professionals working for Site C Construction and Non-Construction Contractors through the federal International Mobility Program.

There were 62 apprentices employed during the month of July 2017. As with any construction project, the number of apprentices will vary depending on the type work being performed.

<sup>1</sup> Employment numbers are direct only and do not capture indirect or induced employment.

<sup>2</sup> Construction and Non-Construction Contractors includes work performed on Site C dam site, transmission corridor, reservoir clearing area, public roadwork, worker accommodation and services.

<sup>3</sup> Engineers and Project Team are comprised of both onsite and offsite workers. The Project Team includes consultants, BC Hydro Construction Management and other Site C project staff. An estimate is provided where possible if primary residency is not given.

## Site C Employment by Month: July 2017

### **Aboriginals**

There were 193 Aboriginal people working for Site C Construction and Non-Construction Contractors. The number of Aboriginal people was provided by on-site Construction and Non-Construction Contractors that have a contractual requirement to report on Aboriginal inclusion in their workforce. Workers voluntarily self-declare their Aboriginal status to their employer.

### **Women**

There were 374 women working for Site C Construction and Non-Construction Contractors. The number of women was provided by on-site Construction and Non-Construction Contractors that have a contractual requirement to report on the number of women in their workforce.

## Site C Construction and Non-Construction Contractors' Job Groupings (July 2017)

The table below shows<sup>4</sup> the latest Site C Construction and Non-Construction Contractors numbers<sup>5</sup>, broken down by job groupings. As with any construction project, the number and type of workers will vary due to the seasonal nature of construction work and the type of work performed.

The data below is reflective of Construction and Non-Construction Contractors that are required to provide job classification data. Job classification data not required by contractors is also noted. Data provided by Site C contractors are subject to revision. Data not received by project deadline may not be included in the numbers.

<sup>4</sup> Employment numbers are direct only and do not capture indirect or induced employment.

<sup>5</sup> Construction and Non-Construction Contractors includes work performed on Site C dam site, transmission corridor, reservoir clearing area, public roadwork, worker accommodation and services, and office staff.
